

If you or your vehicle should require assistance along State Route Highway 1 between The Sea Ranch and Valley Ford and you have no cell service, have you ever wondered, how would I know which direction to walk to arrive at the closest Emergency Call Box? Well now we will all know! Thanks to a collaborative effort between our local CHP Deputy Sean Laurie and Sea Ranch Security, we have compiled a list of the Highway 1 Call Boxes. Please copy or cut out the list and place it in the glove compartment of all your vehicles for handy reference. Also worth noting, the Call Boxes are numbered to equate with the actual Mile Marker location.
